Choosing Colour & Size

- For each item you buy, click on its product Link, choose its colour and size as below, and input these in the personalisation form.

The screenshot shows a product page for a "Fruit of the Loom Original T-Shirt". On the left, there is a large image of a blue t-shirt. To the right of the image, the product title "Fruit of the Loom Original T-Shirt" is displayed, along with the code "61082" and a note about customizations: "Customisations available: Print Embroidery". Below the title, there is a rating section showing 5 stars and "317 reviews".

A red arrow points from the text "Colour" to the "Select colour:" dropdown menu, which is currently set to "Royal Blue". Below the dropdown is a horizontal row of color swatches representing various options. A red arrow also points from the text "Size" to the "Select sizes" section, which includes a size chart and a "View size info" link. The size chart shows availability for sizes S, M, L, XL, 2XL, and 3XL, with "0" indicating availability and "-" indicating unavailability. A red arrow points from the text "Size guide" to the "Will this fit me?" link.
